

JENANG GEMI

VISION

Creating a healthy society that is ready to carry out activities without digestive problems and stomach acid.

MISSION

- ✓ Provide natural solutions for stomach health.
- ✓ Drive the adoption of a healthy life-style
- ✓ Help others build a strong and healthy digestive system

1 Prebiotic

As a **resistant starch**, Jenang Gemi's **arrowroot extract** travels past the small intestine to nourish the large intestine's beneficial flora. Beyond **Lactobacillus**, it fuels key defenders like **Bifidobacterium**, **Faecalibacterium prausnitzii**, **Lactobacillus gasseri**, **Eubacterium rectale**, and **Blautia**. This targeted prebiotic action cultivates a natural internal ecosystem that actively strengthens your **digestive resilience** from the inside out.

Soft & Soothing

Unlike dietary fibers that are harsh on the stomach or cause bloating or worsen symptoms of other stomach problems, Jenang Gemi is **soft on the stomach**. For those with **GERD or ulcers**, arrowroot provides a **physical shield**. Its unique starch structure creates a smooth, **demulcent gel** that coats the esophagus and stomach lining on contact. This provides immediate, cooling **relief from acid burn** without the upward gas pressure caused by standard fibers, which often makes reflux worse.

3 Full Protection

True protection involves both **repair and defense**. This starch fuels the production of **Butyrate** to **thicken the gut wall** while simultaneously heightening your **immune response**. Since most gastritis and ulcers are triggered by **harmful bacteria**, this enhanced protection helps your body naturally crowd out pathogens, creating a **resilient biological barrier** against **chronic inflammation and future infection**.

JENANG GEMI

All-in-one Natural
Gut-Health solution

Providing natural solutions for the stomach health of families world-wide through the intake of pure and high-quality functional food from arrowroot.

Jamu

This product combines the benefits of **arrowroot, turmeric, palm sugar, and psyllium husk** in an instant drink-mix format that is **more practical** than cooking traditional porridge and has even **more benefits** for **maximum stomach recovery**.

WHAT IS JENANG GEMI?

Jenang Gemi is a pioneer for functional food products made from **arrowroot extract**, specifically designed to help **restore the digestive system** and maintain optimal stomach health through its **natural, gluten-free** ingredients which both **protect and nourish your gut**.
